

Zabrze, dated 21-03-2016

LETTER OF REFERENCE

I hereby confirm that P.P.U.H „**PROMUS Ruda Śląska**” Sp. z o.o. located in Ruda Śląska (41-709) at ul. Gen. Hallera 18a as a General Contractor has constructed for us a new “BELMAFLEX” Production Plant in Zabrze at ul. Handlowa12 based on “design-build” project delivery.

As part of the said investment “PROMUS Ruda Śląska” has provided for us the following:

- complete multi-branch detailed design documentation with a “Building Permit” as well as all other permits, approvals and decisions required by law.
- all comprehensive assembly and construction work and work related to land development and underground infrastructure, and
- has finalized the procedure leading to the issue of an occupancy permit ;

The subject of the contract has covered a production and assemble hall with the floor area of about 7.000 sq. m, an office building with the floor area of about 700 sq. m, technical infrastructure (a boiler room, a TRAFO station, a fire protection tank, a pumping station and a gate-house) as well as roads and yards and underground networks and utility hook-ups.

All work has been accomplished on time, according to the design documentation and in line with best construction practices and the Investor’s requirements and guidelines. “PROMUS Ruda Śląska” has shown its reliability, organizational skills and due diligence when performing its tasks, therefore we have accepted and approved the work provided without any reservations.

We can convey the highest recommendations of “PROMUS Ruda Śląska” as a reliable and professional cooperation partner to realize investments as a General Contractor and as part of “design-build” project delivery.

Martin Schousboe
CEO, Belmafex A/S
